

Carey Olsen in Asia

We have a global network of nine offices including Singapore and Hong Kong. We are a leading offshore law firm with 220 lawyers and more than 50 partners and offer, from our Asia locations, Bermuda, British Virgin Islands (BVI), Cayman Islands, Guernsey and Jersey legal services, supported by our practices in these respective jurisdictions. Our clients in Asia have direct access to our specialist lawyers in their own time zone and in the context of their own commercial environment. We also have offices in London and Cape Town.

Singapore

As a leading financial services centre and an established hub for many international firms, Singapore represents a gateway to Asia for Carey Olsen for our banking and finance, corporate and commercial, investment funds and trusts offering.

We have a proven track record of providing offshore advice to international law firms and clients in the region on an extensive range of matters and transactions.

The Singapore office is headed up by managing partner, Anthony McKenzie who is an experienced Cayman practitioner and specialises in corporate, finance and investment funds

matters. Anthony is joined by Linda Lee, founder of our Asia offices who has been a leading corporate practitioner in Singapore and Hong Kong for many years. Linda is qualified as a Singapore advocate and solicitor, an English solicitor as well as a BVI solicitor.

Hong Kong

Hong Kong's reputation as a first class business centre has seen exponential growth for offshore financial and legal services and a parallel demand for offshore dispute resolution and insolvency services.

In response to client demand, we opened a dispute resolution and insolvency practice in Hong Kong in 2016, headed up by Cayman partner Michael Makridakis. Michael has particular expertise in restructuring and insolvency matters across the offshore and investment funds context.

We advise clients and referrers on the full spectrum of contentious, semi-contentious and advisory work. Clients benefit from our proven expertise in domestic and international restructuring and insolvency, corporate and commercial disputes, banking and financial services litigation, trusts litigation as well as fraud, asset tracing and regulatory disputes.
