

Investment Funds

Our investment funds team is well regarded and highly active. We advise on all fund structures, including open and closed-ended, limited partnerships, unit trusts and companies in the British Virgin Islands, Cayman Islands, Guernsey and Jersey.

Recognised as the leading legal adviser to funds across the Channel Islands, and with strong Caribbean and Asia practices, we represent more companies and funds listed on the London Stock Exchange than any other offshore law firm and regularly advise on listings on the NYSE and HKEx, Euronext, CSX and TISE (formerly the CISE).

“The kings of fund practice.”

[Chambers and Partners](#)

We advise credit and debt funds, clean tech funds, real estate funds, retail and listed funds, private equity funds, venture capital funds, hedge funds and infrastructure funds.

Among our clients are fund managers, investment and private banks, institutional investors, boutique investment firms, insurance groups, pension funds, private equity houses and trust companies. We have longstanding relationships with onshore legal advisers who instruct us on a regular basis.

“They think creatively and offer sound advice.”

[Legal 500](#)

Our lawyers understand the requirements and priorities of each interest group and we tailor our services accordingly. We find innovative solutions and are particularly adept in challenging economic times.

The strength of our relationships with regulators in our jurisdictions means our clients benefit from our innate knowledge of the latest developments in regulation and compliance standards.
