

CAREY OLSEN

London

Carey Olsen established its London offices in 2002. Since this time our London base has played an important role in providing clients and contacts in the UK with direct access to our offshore legal services.

Our London based team provides a broad range of offshore legal advice relating to the laws of the British Virgin Islands, Cayman Islands, Guernsey and Jersey, including corporate and finance, investment funds and dispute resolution and litigation. We do not provide legal advice under the laws of England and Wales.

We work alongside all of the major international law firms, accountancy firms and insolvency practitioners and our clients include global financial institutions, investment funds, private equity houses, multi-national corporations and sovereign wealth funds.
