

London

Our London office plays an important role in providing clients and contacts in the UK and Europe with direct access to our legal services.

Our London based team provides a broad range of legal advice relating to the laws of the British Virgin Islands, the Cayman Islands, Guernsey and Jersey, including corporate and finance, investment funds, restructuring and insolvency, and dispute resolution and litigation.

“Nothing is too much trouble and their breadth of knowledge and depth of resource is faultless.”

[Chambers and Partners](#)

Whilst we do not provide legal advice under the laws of England and Wales, we work alongside all of the major international law firms, accountancy firms and insolvency practitioners and our clients include global financial institutions, investment funds, private equity houses, multinational corporations, sovereign wealth funds and high net worth individuals.
