

## Listing Services

Carey Olsen is a leading listing sponsor and listing agent on TISE and the CSX.

Our teams are experienced in acting as listing sponsor and listing agent in relation to the listing of the full range of debt and equity securities on The International Stock Exchange (TISE, formerly the Channel Islands Securities Exchange) and the Cayman Islands Stock Exchange (CSX).

Carey Olsen Corporate Finance Limited (Carey Olsen) undertakes listing services on behalf of the Carey Olsen group for TISE listings. In 2017 we opened a branch in Guernsey and now provide TISE listing services from both Jersey and Guernsey. Carey Olsen regularly advises in relation to the listing of the following on TISE and the CSX:

- Funds;
- Investment vehicles, including REITs;
- Equity securities;
- Eurobonds;
- High yield bonds;
- Structured finance transactions, including CLOs and ILs;
- Debt financing arrangements for private equity and infrastructure funds; and
- Other forms of securities and warrants.

Our listing teams offer a professional, timely, cost-effective and personalised service due to the expertise of our lawyers and our knowledge of the people and processes at TISE and the CSX.

**“A sought after team, which continues to act in concert with City firms and blue-chip institutions.”**

*Legal 500*

Our listing teams have advised on a number of “firsts” including the first listing of sovereign debt and the first listing of high yield bonds on TISE and also the first listing of retail debt on the CSX. We act for over one third of TISE listed REITs.

TISE and the CSX are both well-established, leading offshore exchanges. Businesses choose to list on these exchanges due to the low cost, speed, ease and flexibility of the listing process.
