

## Relocating to the Cayman Islands

Renowned for its world-class beaches, modern infrastructure and exceptional standard of living, the Cayman Islands is not only a coveted Caribbean getaway spot, but a preferred destination of domicile and business for high net worth individuals attracted to the tropical climates and easy way of life.

Located just 480 miles south of Miami, the Cayman Islands is a British Overseas Territory that enjoys a thriving tourism industry and operates a leading financial services sector. This combination of physical beauty and professional services makes living, working and doing business here enjoyable and highly efficient.

As a tax-neutral jurisdiction, residents encounter no personal income, property, sales, corporate or capital gains taxes, while at the same time having easy access to a modern and high-end property market, sophisticated medical and educational offerings, and a private and secure community comprising both locals and expatriates.
